

CURRICULUM VITAE

FERDIE JAMES NERVIDA

Blockchain Forensics Specialist | Cybersecurity Speaker
Metro Davao | admin@blockchainph.org | 09616570799 (Viber)
www.ferdienervida.com

SUMMARY

Cybersecurity specialist and public speaker with 7+ years in emerging technologies, specializing in blockchain forensics, digital asset tracing, and AI-driven threat intelligence. I lead investigative teams, develop OSINT methodologies, and deliver accessible education on Web3 and cybersecurity to both technical and non-technical audiences.

EXPERIENCE

Blockchain Investigator | AnChain.AI | May 2023 - Present

- Managed a team of 5 research contractors to improve product reliability and data quality.
- Developed Python-based OSINT tools to identify and classify unknown wallet addresses.
- Submitted 2,800+ Web3 incident reports quarterly to assist in proactive threat management.
- Researched over 2,000 entity labels per quarter to improve AnChain.AI products.
- Received 2023 AnChain.AI Cybersecurity Training Certification.

Lead Trainer | FJN Training Solutions | Aug 2022 - Nov 2022

- Conducted cybersecurity and blockchain training for professionals and government agencies.
- Led workshops on blockchain basics, digital asset tracing, and cybersecurity best practices.
- Trained over 150 participants, enhancing their digital security skills.

Public Speaker and Trainer | 2023 - Present

- Delivered talks on blockchain at various locations, including Davao, Mati, Malita, and Tagum.
- Focused on simplifying blockchain concepts for non-technical audiences.
- Engaged with over 500 participants, promoting cybersecurity due diligence.
- In partnership with DICT Region XI, conducted cybersecurity seminars for Davao City Police Office, DOLE, private sector companies in Davao, and the City Government of Tagum.
